

The Media is the nervous system of a democracy,
and when that system is used only to partly inform
citizens we have a problem of the gravest
consequences.

I'm a stout supporter of George W. Bush and believe
that he will win this election with or without this risky
move. If we hope to bring the country back together,
and unite against our enemies we need to put a good
face on Corporate America.

Thank you for your time and God Bless.
